

SMCS

Custom Electronics Manufacturing

CAPABILITY STATEMENT

Choose **Silicon Mountain Contract Services** for reliable, innovative electronics manufacturing solutions. Contact us today to learn how we can support your mission-critical needs.

CORE COMPETENCIES

Silicon Mountain Contract Services delivers high-quality, custom electronics manufacturing solutions for mission-critical applications. With a focus on scalability and cost-effectiveness, our services include:

- **Printed Circuit Board Assembly (PCBA)**
- **High-Level Assembly and Box Builds**
- **Programming and Testing**
- **Conformal Coating of Printed Circuit Board Assemblies**

We excel in providing tailored solutions to meet the unique challenges of low-volume, high-mix or high-volume, low-mix projects

DIFFERENTIATORS

What sets Silicon Mountain apart:

- **Advanced Technology:** Investing in cutting-edge automation, including X-ray and Automated Optical Inspection (AOI) systems, ensures precision and efficiency.
- **Experienced Team:** A skilled workforce with decades of expertise in procurement, quality, production, process engineering, and mechanical engineering.
- **Customer-Centric Approach:** Flexibility to accommodate diverse production needs, ensuring a reliable partnership with OEMs.
- **Certification:** ISO 9001:2015 compliance ensures the highest quality standards for your projects.

PAST PERFORMANCE

We have successfully partnered with leading commercial clients to deliver mission-critical solutions, including:

- **Memory Modules:** Assembly of 60,000 memory modules per week for a DRAM manufacturer.
 - **Data Loggers:** Production of 150,000 units per month for an FDA-regulated application.
 - **Water Conservation System:** Annual assembly of 80,000 units for water regulation projects.
- Our proven track record demonstrates our ability to meet deadlines, maintain compliance, and exceed customer expectations.

CONTRACTING INFORMATION

- **UEI:** VJ6DCBA9WTGS
- **CAGE Code:** 9RTB3
- **NAICS Code:** 334418, 334410, 334413
